# Report of Board of Education.

---

Schools have kept twenty-eight weeks. Good progress has been made. Three scholars have passed a successful examination and have been admitted to the Putnam school at Newburyport, Mass.

Teachers have given good satisfaction to parents and scholars, with perhaps one exception. The School Board believing it for the best interest of all concerned that teachers should have the good will of parents and scholars alike, have made some changes in teachers during the past year.

We think our schools will compare favorably with neighboring towns.

New seats have been put in the school house in the West end, and other needed and necessary repairs done in all school houses.

Respectfully,

JEREMIAH CHASE,	} School Board
